## Act II Program / Acte II complet

Dear CATR 2024 Delegates,

*Bienvenue au colloque de l'ACRT 2024 !* We are honoured to gather in the traditional territory of the Kanien'kehà:ka, a meeting place among many First Nations, including the Kanien'kehà:ka of the Haudenosaunee Confederacy, Huron/Wendat, Abenaki, and Anishinaabeg. This year, there are more CATR members than ever gathering to share our scholarship and performance practices!

The Canadian Association for Theatre Research remains committed to offering both in-person and online sessions across two conference "Acts." *Ces actes reflètent des voix diverses dans une myriade de domaines des études et pratiques du théâtre et de la performance.* They reflect CATR's ongoing commitment to social justice through scholarly and issue-based sessions, praxis workshops and performances, and extraordinary keynotes and plenaries.

Returning to Congress for the first time since 2019, CATR draws together Congress's theme of *Sustaining Shared Futures* with our own thematic focus *Staging Justice: People, Places, Planet, Practice*. As part of Congress, you have the unique opportunity to engage in truly cross-disciplinary ways with national and international colleagues presenting their work at CATR and other associations. *Je vous encourage à élargir votre réflexion!*

*Cette année, je reviens une fois de plus avec mon Défi du Président :* Attend the sessions that best sync with your own research and praxis, *but also* step outside your usual focus and attend sessions on topics with which you're less familiar, featuring scholars and artists whose work is new to you.

*Bon retour à Montréal. Bon retour au Congrès. Welcome to CATR 2024!*

Robin C. Whittaker  
CATR President / *Président de l'ACRT*

Welcome to the 2024 Canadian Association for Theatre Research Conference!

Despite the difficult terrain we have had to navigate to bring this year's conference about, we are happy the conference is here! So many current events happening in our world resonate with this year's conference theme, "*Staging Justice: People, Places, Planet, and Practice.*"

Participation in and attendance at the conference are invitations to explore and engage with the notion of justice on multiple fronts. From precarity to conflict from human rights to the environment, Justice, along with its intersection with theatre and performance, is a potent and consequential force. It is often an aspiration, an elusive desire, and something that is often out of reach for so many. We see the idea of justice being corrupted, weaponized, relegated to the background, dismissed, and denied. It is local, regional, national and international in scope. It is an ancient concept that also transcends temporal bounds ever evolving as we move forward in this world.

We warmly encourage you to connect and engage with the rich conversations and dialogues that await you at this conference. We sincerely hope that these interactions will be not just engaging, but also stimulating and refreshing, sparking new ideas and perspectives.

Fraser Stevens and Taiwo Afolabi  
2024 Conference Co-Chairs

Bienvenue à la conférence 2024 de l'Association canadienne pour la recherche théâtrale !

Malgré les embûches que nous avons dû surmonter pour organiser la conférence de cette année, nous sommes ravis qu'elle ait lieu ! De si nombreux événements qui se produisent aujourd'hui dans le monde entrent en résonance avec le thème de la conférence de cette année, « Mettre en scène la justice : les personnes, les lieux, la planète, les pratiques ». En participant et en assistant à la conférence, nous sommes invités à réfléchir et à nous engager sur la notion de justice sur de nombreux plans. De la précarité au conflit, des droits de l'homme à l'environnement, la justice, ainsi que son intersection avec le théâtre et la performance, est une force puissante et conséquente. Il s'agit souvent d'une aspiration, d'un désir insaisissable et de quelque chose qui est souvent hors de portée pour tant de gens. Nous constatons que l'idée de justice est corrompue, militarisée, reléguée à l'arrière-plan, rejetée et niée. Elle a une portée locale, régionale, nationale et internationale. Il s'agit d'un concept ancien qui transcende les limites temporelles et qui évolue au fur et à mesure que nous avançons dans ce monde. Nous vous encourageons vivement à vous engager dans les conversations et les dialogues riches qui vous attendent lors de cette conférence. Nous espérons sincèrement que ces interactions ne seront pas seulement engageantes, mais aussi stimulantes et rafraîchissantes, suscitant de nouvelles idées et perspectives.

Fraser Stevens and Taiwo Afolabi  
Les coprésidents de la conférence 2024"
